**Charles Heidsieck Brut Réserve** - Radiant pale gold with fine, persistent bubbles. Complex pastry aromas, with an opulent combination of ripe apricot, mango and greengages, dried fruits, pistachio and almond. The palate begins with a silky smooth sensation, developing into ripe fleshy apricot, melon and enticing plum pastry notes and delicate spice. A perfect balance of freshness and generosity.

*IN 1867, it was without a doubt Charles Heidsieck's individual audacity that pushed him to purchase the ancient Crayères in the champagne region - a series of chalk cellars dating from the 3rd century - veritable subterranean cathedrals.*

*Audacity? Or flair? Since his obsession with the quality of his wines led him to search for the best place to store them. Here, there is no light, no noise and a stable temperature that is optimal for ageing champagnes. THE CHARLES HEIDSIECK CRAYERES comprise more than eight kilometres of galleries, some thirty metres below ground. These chalk cellars house several million bottles, patiently waiting out the perfect ageing period, a minimum of four years... Stretching sometimes to more than forty. Since 2015, these chalk cellars have been listed on the Unesco World Heritage list.*

### **Charles Heidsieck Brut Non Vintage Magnum (150cl)**

€275

*The ultimate indulgence and showpiece for your gathering - the very magnitude of a Magnum portrays a sense of occasion, celebration and generosity. - Champagne matures better and slower in a Magnum because it has twice the volume of a standard bottle but the same neck size so it matures slower and has a more complex, mature and harmonious taste.*

---

**Charles Heidsieck Rosé Réserve** A deliciously fresh wine which perfectly expresses the complexity of the Charles Heidsieck spirit. Coral-like in appearance, with subtle orange reflections reminiscent of antique roses. Freshly picked strawberry aromas gradually become more intense, alongside rich, warm notes of gingerbread and cinnamon. A vivacious palate full of red fruit, with some generous floral notes. Following a silky-rich texture, the finish is long and balanced.

€35

*The grape selection of this great Rosé blend reflects the diversity and richness of the Champagne region. As Charles-Camille Heidsieck did in his time, the House strives first and foremost to highlight year after year the specificity of each cru, its potential for expression and its nuanced palette. 36% Chardonnay, 36% Pinot Noir, 28% Meunier produce a consistently sophisticated powdery pink robe with luminescent glints of wild rose. The delicate, vivacious bubbles are the result of an aging period of over 48 months.*

---

**Charles Heidsieck Blanc de Blancs** A Dundon Family firm favourite! 100% Chardonnay - pale, crystalline gold colour. On the nose white peach, candied citrus with notes of lime, honeysuckle and fresh hazelnuts giving way to subtle hints of tangerine and lemon. The Blanc de Blancs bears all the hallmarks of a Charles Heidsieck Champagne: boldness, generosity and elegance. Embracing yet light, it displays appealing mineral, slightly salty, iodine notes, and has a silky, creamy texture – unexpected from a Chardonnay – that leaves a lasting impression.

€195

*Charles Heidsieck was one of the very first Champagne Houses to demonstrate its passion for Chardonnay by producing a Blanc de Blancs in its 1949 vintage. There is also evidence that the house had produced some mono-crus from the Côte des Blancs as early as 1906... Through this cuvée, relaunched in 2018, two of the House's areas of expertise come together: the production of great white wines and the art of blending a large selection of wines from different years and terroirs. The considerable challenge is to make opposites coexist: the tautness and the freshness of young chardonnays on the one hand, and the silky "Charles" character on the other.*

---

**Charles Heidsieck Brut Millésimé Vintage 2005** Deep golden colour with a generous fine effervescence. Vivid flavours of dried apricots, stone-fruits, mille-feuille, roasted nuts and infused exotic spices. The wine has a full and rich texture and harmonious acidity, resulting in a rewarding long finish.

€225

*The House has meticulously selected 10 Grands and Premiers Crus, this 2005 Millésimé vintage has an engaging aroma of stone fruits, hazelnuts and Asian spices. On the palate you have an incredible intensity and generosity - all of the wines defined characters engage your senses in equality concentration. The palate has a firm solid structure, with an unctuous nature. Its elegance and depth make it ideal for enjoying and pairing with the most sophisticated dishes.*

---

**Charles Heidsieck Rosé Millésimé Vintage 2005** an elegant, pearly pink with a delicate bubble. The nose is deeply perfumed with luxuriant notes of kirsch, ripe cherries, fleshy plums, pomegranates and cranberries. Pastry aromas follow, with notes of brioche and fresh butter that characterise the spirit of this vintage. On the palate, there are delicate flavours of candied grapefruit and earthier notes. Unbridled and indulgent this wine has a long-lasting, aromatic finish.

€275

*70% Pinot Noir, 30% Chardonnay the 2005 rosé is The 2005 harvest in Champagne was particularly successful due to a cold, dry winter, an early heat wave in June that promoted flowering, a reasonable amount of rainfall in the summer and, finally, a return to high temperatures in early September, ideal for ripening the grapes. Thanks to the heat and rain, grapes were plump, heavier than average and showed an exemplary level of sugar with a potential alcohol level of about 10%. In addition to these promising points, excellent acidity ensured perfect balance and very promising ageing potential for this vintage. First tastings reveal exceptional chardonnays, and subtle and aromatic pinots noirs.*

---

**Charles Heidsieck "Blanc des Millénaires" 1995** At Charles Heidsieck, Blanc is a universe, a dazzling reflection of the House's daring achievements. A diamond amongst Charles Heidsieck cuvées the Blanc des Millénaires takes its incomparable nuances from the pale surroundings of the thousand-year-old Crayères, or chalk cellars. Because of their exceptional qualities, few Blancs de Blancs will reach this level of excellence. This is truly the ultimate treat.

€395

*"Blanc des Millénaires": this exceptional cuvée is named in honor of its ageing conditions. Acquired more than 150 years ago by the founder, the thousand-year old crayères of the House hold a central space in the creation of this cuvée such as time, fourth varietal of the House. IN 1993, Charles Heidsieck presents for the first time Blanc des Millénaires in its prestigious vintage 1983. It was at the time the affirmation of a know-how in the elaboration of Blanc de Blancs (the oldest being from 1949), and the will to affirm a style. Since then, the House has revealed only five vintages have seen the light of day: 1985, 1990, 1995, 2004.*

---

**Champagne Moët & Chandon Impérial** is the House's iconic champagne. Created in 1869, it embodies Moët & Chandon's unique style, a style distinguished by its bright fruitiness, its seductive palate and its elegant maturity.

€110

*Created from more than 100 different wines, of which 20% to 30% are reserve wines specially selected to enhance its maturity, complexity and constancy, the assemblage reflects the diversity and complementarity of the three grapes varieties : the body of pinot noir 30-40%, the subtleness of pinot meunier 30-40% and the finesse of chardonnay 20-30%*

---

**Veuve Clicquot la Grande Dame Vintage 1995** 62.5% Pinot Noir, 37.5% Chardonnay, all grapes come from Grands Crus vineyards. This pale gold wine is tinged with emerald, and has an immediately complex nose of apple, lightly-bruised pear skins, yeast, herbs and nutty, almond notes. The mousse is rolling and mouth-filling, and the palate has a full, powerful flavour. There are notes of bacon fat, fig, peach and pear. Plenty of substance and complexity here. The finish is already long, with integrated, elegant acidity. One for the long haul and excellent.

€995

*Known in her lifetime as "the Grande Dame of Champagne", Madame Clicquot was a woman ahead of her time. When her husband died in 1805, she took over the reins at just 27 years of age, at a time when women had no place in the world of business. She was a demanding creator, tirelessly searching for only one quality, the finest. Her tenacity and instinct led her to free herself from her charted destiny. A free and ambitious woman, she dared to say, "I wish my brand to rank first in New York like in Saint Petersburg". Today, her signature is recognized the world over as the seal of Veuve Clicquot. Created in 1962 and launched in 1972 to celebrate the 200th anniversary of the House, La Grande Dame is a tribute to the inspiring Madame Clicquot.*

---

**Dom Pérignon Vintage 2003** The 2003 Dom Pérignon is maturing very gracefully in bottle, wafting from the glass with aromas of smoke, bread dough, waxy lemon rind and confit citrus. On the palate, the wine is ample, vinous and full-bodied but retains excellent definition, and it's structured around chewy dry extract from mature skins, which compensates for its comparative lack of acidity. It will be interesting to follow its evolution over the coming decade.

€595

*With low yields (April frosts destroying the buds) and a hot growing season, very few wines have been released from this vintage. Controversially, Geoffroy chose to ignore perceived wisdom and rose to the challenge of making a Pérignon in 2003, leaning heavily on his cooler climate Grand Cru vineyards. The challenge was to avoid over-ripeness. Ripe and rounded, this wine retains freshness and structure. Aging really well. It has the potential for 93/100, and drinking window of 2018-2028.*

---

**Krug Clos de Mesnil Blanc de Blancs 1988** A glorious Champagne that expresses both fresh fruit and nutty mature elements. The interplay of spring blossoms citrus and honey with hazelnut coffee and fresh grains against a backdrop of finesse and depth creates a dynamic dramatic impression.

€4,750

*Profound finely nuanced single vineyard Champagne that weaves disparate elements into a stunning seamless whole. A full range of caramel floral citrus forest floor mustard greens and dried cherry aromas and flavors work in great harmony. The mouthfeel displays a positive brilliant tension: it's full-yet light bright and zingy-but even smooth yet to some tasters almost gravelly-textured. Lengthy lime-tinged the tight almost austere finish bodes a great long life ahead for this still-youthful 1988. Only 1200 cases produced.*

---

**Louis Roederer Cristal Vintage 2008** With the Cristal 2008, Louis Roederer represents the elaboration of one of the greatest masterpieces of the House similar to the excellent 2002 vintage. The Cristal 2008 is the perfection of Champagne. Born from the greatest limestone terroirs, Louis Roederer's Cristal 2008 brings together the Grands Crus from the Montagne de Reims, the Marne Valley and the Côte des Blancs in a sumptuous blend of Pinot Noir (60%) and Chardonnay (40%).

€375

*The Cristal 2008 represents all the typicity of its vintage that is unique and reflective of the Roederer style. From a dry, but cool year, exceptional density and power represent the 2008 vintage to give a perfect combination of concentration and freshness. In a perfectly harmonious complexity, the Cristal 2008 reveals an intense bouquet in which candied citrus aromas give way to the indulgent pear and almond notes that are enhanced with toasty aromas. However, it is the palate that shows all the splendour of the Crystal 2008.*

---

**Valdo "Bio" Organic Prosecco** Brilliant pale straw yellow colour, with a fine perlage. On the nose, it shows delicately perfumed floral and herbal notes. A full and fruity palate opens up into one of apricots and light marmalade that is soft and 'moreish'. A delightful, clean, fresh wine with a long, aromatic finish.

*The grapes for this sparkling wine comes from the production area of Prosecco Doc, and it was here only grape used for certified organic farming. The Valdo Bio Prosecco is reflected in the yellow straw, accentuated with green highlights. It has a wonderfully fruity and floral bouquet. A breathtakingly harmonious Prosecco, dry mineral notes, very tasty and light, expressed especially in the finish.*

**Famille Perrin 'Nature', Organic Côtes-du-Rhône Blanc** This Organic Côtes-du-Rhône is a light yellow colour in the glass with delicate aromas of honeysuckle, lime zest and fleshy white peach. A blend of Grenache Blanc 50%, Viognier 30%, Roussanne 10% and Marsanne 10%, this wine offers an appealing bright stone fruit character and white pepper spice and a rounded texture. Pretty light yellow colour, slightly golden. This "Nature" white shows a delicate nose combining notes of white flowers such as honeysuckle and lime blossom then fleshy fruit like peach. The fresh mouth is particularly round and soft.

€45

€12

*Famille Perrin is one of the most recognisable names in the Southern Rhône. The fifth and sixth generations of the family now manage the extensive vineyard holdings and grower partnerships which stretch across the region, from Vinsobres to the Ventoux. The family have long been pioneers in the Southern Rhône Valley for their approach to organic farming, which they first adopted back in 1950 and for their unwavering commitment to creating wines that express the essence of their origin at each quality level. Their intimate knowledge of the complexities of the region's climates and soils has led to their belief that the wines are greater when made with a blend of Southern Rhône grape varieties rather than a single variety. This philosophy is put into practice at every level, from Famille Perrin Luberon Rosé to Château de Beaucastel, where all 13 permitted varieties are grown.*

**Les Fumées Blanches Sauvignon Blanc** - a single-variety Sauvignon Blanc white wine made by Domaines François Lurton under the Vignoble du Sud-Ouest label, in Gascogne, France. Aromas of citrus notes of grapefruit and lime, white flowers - jasmine and a hint of smoke. Elegant palate, with a fine balance of citrus with notes of grapefruit, giving the wine excellent length. Excellent with seafood.

€45

*François Lurton was born in the Bordeaux region of Entre-deux-Mers and has always had a soft spot for the Sauvignon Blanc grape. At Domaines François Lurton they spend every year in continuous search of careful processes that will restore the aromatic palette of this variety so that it is expressed as fully as possible in the wines. They have also begun using organic agriculture to try and achieve the variety's most natural expression. They are intervening in the process less and less and making their work more environmentally friendly*

Côtes-du-Gascogne

**Chateau Thieuley Cuvee Francis Courselle** Made by the Courselle Sisters after their father Francis, 50/50 Sauvignon/Semillon. Fermented on skins in oak and resting on lees in oak for 9 months and blended just before bottling. This is classic Graves-style wine, with that strange contrast between sweet oak and sharp citric fruit. As such, it is perhaps an acquired taste, but for aficionados, this delivers huge satisfaction. Plumes of piquant and punchy herbs and green fruit strike the senses once this acclaimed Bordeaux Blanc is uncorked. A wonderfully zesty white wine blend with electric citrus fruits.

*A 100% family-owned vineyard, the « Vignobles Courselle » started in 1950, when André Courselle bought Château Thieuley located in the famous France Bordeaux Region and lay the foundation of a great vineyard. In 1972, his son Francis Courselle, a young engineer and oenology professor, took over the management of Thieuley vineyards. In 30 years, the acreage increased from 4 to 80 hectares spread over three properties: Château Thieuley, Clos Sainte Anne and Château Saint Genes. Marie and Sylvie Courselle, Francis Courselle's two daughters, inherited the family passion for wine and today, they look after the business and the destiny of Thieuley. Marie is in charge of the technical aspect of the wine making and Sylvie runs the commercial side. Together, this charming duo is dedicated to continuing the tradition of quality at Château Thieuley. Terra Vitis certification and made using organic methods.*

**Louis Latour Pouilly-Fuissé 2016** - Straw yellow in colour with green highlights, the nose is delicately minty with aromas of white fruits. The palate is frank and balanced with mineral and smoky notes and a fresh finish - very charming chardonnay. The vineyards producing this wine are part of a breath-taking landscape where the limestone and heavy clay soils combine to create a unique 'terroir'

*From the heart of their domaine on the Corton hillside, Maison Louis Latour have witnessed more than two centuries of Burgundian history. Founded in 1797 Maison Louis Latour has survived the ages and has become a natural custodian of Burgundy's ancient traditions. Authentic and determinedly independent, the House has always made it a point of honour to remain family owned. It is now run by the seventh Louis Latour who represents the 11th generation of the founding family, who like each generation before him, has worked hard to preserve the company's unique heritage whilst ensuring the future with an ambitious and visionary spirit.*

**Saint Véran 'Les Crêches' Domaine Saumaize-Michelin 2017** A cracking white Burgundy and a real treat. This white wine has luscious honey and citrus flavours with hints of butter and a delicious citrus finish. 100% chardonnay, vegan. From rocky soils high in active limestone, the 2017 Saint-Véran Les Crêches unfurls with scents of citrus fruit, crisp yellow apple and a deft touch of new oak. On the palate, the wine is medium to full-bodied, deep and textural, with considerable concentration, a bright spine of acidity and a long finish. This is a muscular wine this year, and it should evolve with interest for a decade.

*This vineyard is literally adjacent to the soon to be premier cru, Clos sur la Roche vineyard, right on the border with Pouilly-Fuissé. The middle-Jurassic monolith of Sur la Roche towers over the village of Vergisson. 'Les Crêches', which rides the back of the Roche, is most likely limestone from the latest Bajocian to the early-Bathonian 166 to 168 million years ago called Calcaire à Chailles. Their sheer cliff faces are reminiscent of Benbulbin in Co. Sligo. At the foot of one of these outcrops is the winery of Roger and Christine Saumaize-Michelin. Roger is the winemaker and on meeting him one is as likely to think him a crazed artist as anything else and he is passionate about biodynamics. This is wine made at nature's pace. Grapes are handpicked and sorted and the press is a gentle, slow process.*

**Sancerre Domaine Vacheron 2019** One of the Loire Valley's top estates producing some of the world's greatest Sauvignon Blancs! This is classic Sancerre—limpid and clean, with lots of freshness and lovely energy. The Vacheron Sancerre is elegance and class in a glass. A vibrant, 100% organic/biodynamic Sauvignon Blanc from a mix of flint and chalk soils in the heart of Sancerre. Aromas suggest grapefruit zest and gunflint; in the mouth, the wine is pure and fresh, with plenty of mineral energy and citrus-inspired flavors. Bright citrus notes and a steely, mineral-laced finish all come together in this absolute beauty.

*Long reputed as the epitome of fine Sancerre, the wines from this family-owned estate never fail to impress. Countless accolades have been heaped on the organic winemaking team of brothers Denis and Jean-Louis Vacheron and their sons. The family owns 38 hectares, mostly within the parish of Sancerre itself. Their vineyards also include 12 hectares of Pinot Noir, an unusually high proportion for the appellation. The domaine continues to hand-harvest the vineyards even though many growers in this appellation use mechanical harvesters, and they have recently been registered as biodynamic growers. Domaine Vacheron is one of Sancerre's elite properties, producing wine of amazing purity and definition. The domaine has been completely transformed over to biodynamic farming. The Vacherons are without question Sancerre's leading winemaking clan and now at the helm are with two young cousins, Jean-Laurent and Jean-Dominique Vacheron.*

*The first members of the noble Stutt family in France came from Scotland in the fifteenth century to help the future King Charles VII of France during the Hundred Years War. In 1586, by way of marriage, the family inherited Château de Tracy. The Château is still family owned and cultivated today under the leadership of the youngest daughter Juliette d'Assay, producing classically styled, elegant wines using an organic approach. The vineyard is managed using sustainable practices, such as leaf thinning, grass ploughing and the use of butterfly lures to reduce the number of chemical treatments required. The ecological system in the vineyard is meticulously considered and practices such as intensifying the organic life in the soil and promoting synergies with the biotope of the soil, leads to the ultimate goal of producing more healthy, balanced and aromatic grapes. The grapes are hand harvested in several triages to ensure optimal maturity.*

The estate lies near the Etang de la Bonde, a beautiful lake set in the middle of the high garrigue. Romain makes red, white and rose in a winning, fresh style. He says it's the incredible diversity of the soils that make his wines unique: marls, limestone and sandy clays (safres). Of course the Alps aren't far away and their influence means 15-20 days of frost, as opposed to virtually none in Avignon. Cold winters and warm summers make for a long growing season, and the elevation gives cooler nights to contrast with the blazing summer days. The harvest is sometimes 20 days later than the surrounding areas, lending more freshness and complexity to the final wine.*

**Charbonnière Chateauneuf du Pape Blanc** - A pure, classy and elegant white, a blend of 40% Grenache Blanc, 20% Roussanne & 20% Clairette. A decadent and opulent wine that is sadly often overlooked by its red counterpart, this white Chateauneuf has a fresh, tangy style with lots of lime, green plum and melon notes followed by a stony finish. It offers beautiful berry fruit intermixed with plenty of spice, earthy minerality and background meatiness on the nose. Medium-bodied, with a soft textured and upfront feel, it should drink nicely over the coming 3-5 Years.

*Domaine de la Charbonnière was purchased by Eugene Maret in 1912. 90 years later it is still a family-owned affair. The taciturn Michel Maret is a man of the soil, his reticence more than compensated by the eloquence of his wines, on the one hand, and the loquacious nature of his wife on the other. The two charming daughters, Véronique and Caroline have found respective niches in the vineyard and the commercial function. All in all a complete and happy team, a facet once again echoed in the wines. Domaine de la Charbonniere owns 17.5 hectares of vineyards in the Châteauneuf du Pape appellation, as well as 4 hectares in Vacqueyras. Michel produces a number of different cuvees all from low yields and all bottled without filtration. Wonderfully well balanced these wines combine intensity and depth of fruit with finesse and elegance. The Hautes Brusquières is a perennial favourite, atypical as it is with its high Syrah component. This is now one of Châteauneuf's leading domains and one can expect the quality to improve even more in the future if past results are any kind of guide.*

**Chateau Pennautier Chardonnay 2018** a powerful nose with aromas of melon, fresh fig and white flowers (jasmine, hawthorn and a hint of fresh hazelnuts). It was built by Bernard de Pennautier, who was Treasurer of the States of Languedoc during the reign of Louis XIII. Although it has undergone extensive refurbishment - especially in the 1960s, when most of the vineyards were replanted - the Château is still owned by direct heirs of the Pennautier family. They are Nicolas and Miren de Lorgeril, who took control in 1987, as the 10th generation of winegrowers since the estate was first founded.*

**Dreissigacker 2017 Organic Riesling Trocken 2017** Light in colour with green reflexes. Fruity and elegant with plenty of citrus fruit on the nose. The palate is refined and very well balanced with aromas of yellow fruits on the long finish. Biodynamic & Organic this Riesling is ripe, clean, scented and zesty, it offers outstanding value. Exuding aromatics of peach, tarragon and what seems to be a signature scent from this estate, caraway seed. It is a fairly full-bodied, dry wine - Certified Organic, Sustainable, Vegetarian, Vegan

*Jochen Dreissigacker has 21 hectares of vineyards in the Rheinhessen, 55% of which are Riesling. All of his wines are certified organic and he describes his transformation to organic viticulture as "the artisan path to purity". He reduced the yields in the vineyard by creating a much healthier soil, which in turn was lower in vigour. "The path to any truly great wine is to limit the amount of grapes that are allowed to ripen," says Jochen. As expected of an organic estate, his approach in the cellar is as natural as possible, using only wild yeasts to ferment the must and harvesting only fully ripe grapes. His wines - with the exception of the Auslese, of course - are fermented to full dryness. The felicitous position of his vineyards, the low yields and Jochen's determination to pick when the grapes are ripe ensures full flavour and obviates the need to leave residual sugar in the wine to balance unripe flavours.*

**Loimer, Kamptal Grüner Veltliner** A stunning 100% Grüner Veltliner showing full ripeness but dryness too, Fred Loimer's wine has lovely definition, zest and balance on the palate. Spicy notes on the nose immediately reveal the expressive Grüner Veltliner grape. The wine has a typical peppery note, supported by the mellow yellow fruit from the relatively warm 2015 vintage, which is reminiscent of ripe apples. A charming wine which exhibits excellent

**Burgans Albariño** - Light yellow. An exotically perfumed bouquet evokes ripe melon, nectarine and mango, with hints of lemon pith and ginger adding urgency and lift. Smooth and broad on the palate, offering juicy tropical and pit fruit flavors plus a suggestion of honeysuckle. Becomes more vibrant with air, picking up a mineral quality that carries through a very long, seamless finish, with the nectarine and floral notes echoing.

*Burgans Albariño is named after the hill on which the cooperative is located. Burgans is a cuvée made from a small selection of vineyard plots in the Salnes sub-zone of Rias-Baixas which have a characteristic pit-fruit quality and richness in addition to the bracing minerality for which the sub-zone is famous. **Finca Fabian Verdejo 2019** 100% organic, Dominio de Punctum Finca Fabian Verdejo Grigio is light and fruity. With notes of pear and citrus. It pairs well with fish and salads. Fruity citrus and pear aromas with light tropical notes. Grown in Cuenca, east of Madrid, rather than the Verdejo heartland of Rueda, this is a little lighter and more spritzy than most, making it ideal summer drinking. It has fruity citrus and pear aromas, with distinct tropical flower notes, good acidity, and a surprisingly lengthy finish. Finca Fabian Verdejo pairs nicely with fresh salads, and all fish or poultry dishes. It's also great by itself.

*Located in the northern reaches of the La Mancha region, just to the south of Madrid, Dominio de Punctum is one of our most exciting finds. Unlike many wineries in the La Mancha region, the team at Punctum only produce wines using fruit grown on their own estate. Their entire operation is certified organic and they farm a portion of their land following biodynamic principles. Situated in the town of Las Pedroñeras, the Fernandez family preside over the estate, where their winery sits proudly overlooking the vines. The proximity of the winery is a key advantage when it comes to producing wines that possess optimum freshness in what is typically an extremely hot region. The 'Finca Fabian' range is 100% organic and showcases 3 key grape varieties - Verdejo, Garnacha and Tempranillo.*

**Pessoa Vinho Verde** - This is Vinho Verde but not as you know it. Jorge Gonçalves learned his winemaking in Germany. So when he returned home to Portugal with his sommelier wife Livia Novais, they decided to make Vinho Verde but single varietal Loureiro and make it Kabinett style. Fermented in stainless steel tanks and the first wine of the summer. Perfectly balanced between sweetness and freshness, lively and elegant. As Winemaker Jorge says, "Perfect for drinking and looking out over the waves." Ideal as an aperitif or with shellfish.

*Born in 2009 from the passion for Portugal and the knowledge and experience of Germany where Jorge grew up and developed as a winemaker. Since he was a boy, he felt a strong connection and passion for the country where his parents were born. Portugal is his soul birthplace and producing there is more than a job but a dream come true. After his studies, Jorge fled the traditional and went on to travel and work in wineries, acquiring skills and know-how in diverse winemaking cultures throughout the world. It was in South Africa where he experienced the modernity of the New World with the elegance of the Old World. The desire was then born to return to Portugal with his wife, Livia Novai, to develop Pessoa wines. The namesake of Pessoa is inspired by their favourite writer Fernando Pessoa. Livia is a Sommelière trained in gastronomy and former Chef who went on to dedicate herself to the world of wine. Together, they are the people behind the label.*

**San Simone Pinot Grigio Ramato** Clear, bright with the characteristic copper colour, with an intense and persistent nose that ranges from red currant and raspberries to notes of apricot, roses and pomegranate. Method used for vinification of pinot grigio grapes for Pinot Grigio ramato is very "traditional": the must remains in contact with the skins for 14 hours, enriching the wine with a very particular coppery color, gradually releasing the organoleptic and chromatic properties that characterize it. Following a refinement in steel for 4 months followed by a further 3 months in the bottle. The palate is nicely balanced with a remarkable smoothness and a slightly tannic finish.

*Green Project in San Simone is simply an awareness of what they do every day in their company since its inception - in all the production phases, without ideologies or extremisms, animated by the desire to improve. Certain that they can always do more and that they are only at the beginning of a journey: a project, in fact. Common sense and social responsibility in the various processes: simply expose oneself to the genuineness of the correct agronomic and cellar practices, self-certifying one's own doing, in order to guarantee quality, contributing to environmental sustainability while respecting existing territorial balances. Green Project is a set of actions, behaviours and procedures that we put forward to contribute to the environmental sustainability of our business, respecting the existing territorial balances. It is only a segment of a broader concept of social responsibility that has always guided our family in defining its own line of direction: with maximum respect for the communities, in which our company operates, of suppliers, of consumers, of customers, of the territory, and of the local cultural heritage.*

**Gran Sasso `Alta Quota` Pecorino** - Straw yellow in colour, this rare variety Pecorino has a lightly spiced nose from the partial oak ageing which gives way to a fine, floral and ripe citrus fruit character on the palate. On the palate, the wine has good length with ripe pear characters continuing through to the finish. Pairs well with fish and shellfish, chicken, pork and veal dishes with tomato sauces as well as with goat's or pecorino (sheep's milk) cheese.

*The Gran Sasso wines are made by Valentino Sciotti and his team. Rino Santeusano is the winemaker while Alberto Antonini acts as consultant. Together, they ensure that the wines have a freshness and vivacity that sets them apart from many in this area. Pecorino is a fairly rare variety, with only about 300 hectares planted in the Abruzzo and Le Marche regions. Its name derives from the fact that a bunch of Pecorino grapes was traditionally considered to have a similar shape to a sheep's head. The grapes for this wine come from a 16-year-old vineyard situated at approximately 150 metres above sea level. 30% of the wine was fermented in lightly toasted Austrian oak casks and the rest was fermented in stainless steel at low temperatures (12°C). The wine was then matured for six months in steel and two months in oak.*

**Cantina Tramin Stoa Kellerei** - Stoa is a unique wine of its kind reflecting the complexity and potential of the Alto Adige region. It is a lively blend of Chardonnay 65%, Sauvignon Blanc 20%, Pinot Blanc 10%, Gewürztraminer 5%

Deep fruit aromas of pineapple, banana, pear, tomato leaves, green bell pepper, citrus zest, harmonic and balanced, delicate salty minerality with a long lasting, creamy finish

*Cantina Tramin was founded in 1898 and has 310 member winegrowers who follow its strict directives on the cultivation of the vines. The vineyards are an integral part of the enchanting and picturesque landscape of the Alto-Adige region of Northern Italy and cover 260 hectares situated on the sunny slopes of the region at altitudes ranging from 250 to 850 metres above sea level. In 2011, Cantina Tramin gained the "Double Stella" award. This is given to a winery for achieving the prestigious "3 Bicchieri" 20 times and is awarded by the Gambero Rosso.*

**Feudo Arancio Inzolia Sicilia 2019** 100% Inzolia Delicate straw yellow. Particularly fruity with notes of pear, apricot, white and yellow peaches. Fragrant and fruity with notes of vanilla. Elegant, soft, comforting. Ideal as an aperitif but also excellent with seafood, shellfish, and with all fish dishes, particularly grilled turbot and calamari. It should also be tried with noodles. This is a wine with a young character. Thanks to its sleek bouquet and its minerality, the Inzolia grape is noted for its pronounced freshness and fragrance. Acate, in the province of Ragusa. This varietal prefers loose, sandy terrain which is ideal for the production of fragrant white wines. The type of farming is "Espalier", used with an average density of planting where there are 4500 plants per 2.5 Acres. Certified organic & biodynamic, sustainably farmed.

**Jumarre Vermentino 2019** Straw yellow with young greenish reflections, this wine opens with intense yet fine and elegant notes of hawthorn, grapefruit, apple, white peach and acacia honey. On the palate, it is fresh and balanced with a long lingering finish. Certified Organic. Over a third of Italy's organic vineyards are found in Sicily. The hot climate and breezy conditions mean that disease pressure in the vineyards is low, one of the reasons why many Sicilian growers have embraced organic practices. In the hills around Menfi, there are close to 1,000 hectares of organic vineyard, so it was relatively easy to select the best of these vineyards to use as the base for the Jumarre wines. The best organic Nero d'Avola and Vermentino grapes are harvested and taken to the local co-operative for crushing and temperature-controlled fermentation in stainless-steel tanks. After a short period in tank, the wines are blended and bottled in the spring to preserve the pure varietal character of the wines. The Vermentino boasts bright citrus fruit aromas, herbal nuances and a refreshing acidity.

**Greywacke 'Wild' Sauvignon 2018** - This Sauvignon Blanc from Kevin Judd is intensely complex, thanks to fermentation with wild yeasts and ageing in old French oak barriques – a delicious concoction of almond friand, white nectarine, blood orange laced with tarragon and a hint of smoked tea.

Greywacke is the Marlborough label of Kevin Judd, and the fulfilment of a long held dream. The name Greywacke was adopted by Kevin and his wife Kimberley for their first Marlborough vineyard located in Rapaura, named in recognition of the high prevalence of rounded greywacke river stones in the soils of the vineyard. Kevin registered the name back in 1993 with the vague notion that he might one day want to use it on a wine label of his own. Fruit was sourced from various vineyard sites in the Southern Valleys and the central Wairau Plains, specifically in Woodbourne, Renwick and Rapaura. Soil types vary from the young alluvial deposits of Rapaura and Renwick, which contain high proportions of greywacke river stones, to the older and denser clay-loams of the Southern Valleys.

**Alkoomi Chardonnay 2019** Brilliant pale gold with emerald flecks. Honeydew melon and white peach on the palate with hints of vanilla and hazelnut and creamy textural structure underpinned by soft, mineral acidity.

The fruit used to craft Alkoomi Chardonnay was harvested and pressed to tank. The juice was settled and racked, before fermentation in stainless steel. This process led to the creation of a pale gold hued wine displaying emerald shades along the edges. The attractive bouquet exhibits lifted perfumes of apricot kernel, honeydew melon and peach. A sip of the wine reveals juicy flavours of white peach and honeydew melon, accompanied by suggestions of hazelnut and vanilla. These characters integrate with a soft layer of mineral acidity to offer a creamy structure, eventually culminating in a textured finish. This delightful Chardonnay has been made for consumption upon release, drinking best with foods like fruited curry chicken salad, crab cakes and porcini mushroom risotto.

**16 Stops Chardonnay 2019** Fresh and elegant, this wine has good fruit weight and aromas including apple and white peach, a lovely texture and a savoury, mealy edge. The acidity is nicely balanced, giving the wine good length on the finish.

The grapes for this Chardonnay were sourced from Currency Creek, a region on the Fleurieu Peninsula, about 80 kilometres south of Adelaide. The region is not far from the sea, so night time temperatures are not extreme and the daytime temperatures are moderated by cool breezes in the afternoons.

**Coriole Chenin Blanc 2019** - A beautifully rich and intense McLaren Vale classic from 5 Red Star Coriole. It has wonderfully vibrant aromas of fresh green apples and pears with hints of lemon citrus on a mouthfilling, textured palate. An aromatic wine with great fruit concentration, it also shows an outstanding ability to age. The perfect long lunch wine, it will suit a range of foods, from creamy chicken to fresh seafood to salads and more.

Chenin is Coriole's principal white variety and was first planted in 1977. One of the great challenges of wine making is to understand the complexity of all the vineyards and ensure that they are brought to full potential for each vintage. Coriole vineyards are farmed organically without the use of synthetic inputs. The Estate vineyards are largely planted with Shiraz vines, dating back to 1919. The variety balance grown at Coriole is roughly 65% Shiraz, 10% Sangiovese, 5% Chenin, 5% Cabernet Sauvignon and 5% Nero d'Avola.

**Craiglee Chardonnay 2013** Richness and generosity but ultimately it's all about the finish. This is a beautifully persistent wine. It tastes of roasted nuts, white peach, grapefruit and chalk, its seams of cedary oak bordering on the overt. The finish, almost entirely fruit, rings on and on. In 1976, as a newly graduated Agricultural student, Pat Carmody was faced with the challenge of reinvigorating the Carmody family farm on the outskirts of Sunbury - a small town 40 minutes from Melbourne and just up the road from Tullamarine Airport. Pat decided to plant vines on part of the site. It wasn't an altogether blind move - Craiglee had originally been a winery in the 1860s, however it was nevertheless a bold and pioneering decision for the time. Flash forward forty years from the first vintage in 1978 and Craiglee has firmly cemented itself as one of the finest producers of Shiraz and Chardonnay in Australia. And it's still completely owned and run by Pat and his wife Dianne.

**Kaiken Torrontes Terroir Series 2018** - The Torrontés, from Salta in the north of Argentina, which produces the country's best examples of this variety is bright, fresh and perfumed. Brilliant lemon-green colour with golden tones, the intensely aromatic nose is full of fresh orange and grapefruit peel, accompanied by the floral notes that are very characteristic of this variety. The elegant palate is framed by zingy acidity which accompanies the fruit and floral notes culminating in a long, fresh finish.

*Kaikenes are wild geese, native to Patagonia, that fly across the Andes between Chile and Argentina. In the same way, legendary Chilean winemaker Aurelio Montes crossed the Andes to make wines in Mendoza. Aurelio saw the enormous potential of the region for premium viticulture and, after several exploratory trips, founded the Kaiken winery in 2002. His aim was simple: to make great wines in Mendoza and, in doing so, to show the best of both sides of the Andes. The estate vineyards are situated in the heart of Mendoza and further south in the Uco Valley, where many premium producers are now sourcing their fruit.*

**Cakebread Cellars Sauvignon 2015** Bright, super-fresh aromas of sweet citrus, melon, guava and white flowers introduce pure, vibrant flavors of grapefruit, guava, gooseberry, fleshy melon and white peach, with a refreshing minerality invigorating the wine's characteristic long, crisp finish. Arguably one of Cakebread Cellars' best-ever sauvignon blancs, this Napa Valley classic will age gracefully for the next and beautifully accompany your favorite salad, seafood, poultry and vegetable dishes.

*At Cakebread Cellars, we embrace environmental responsibility with green practices that range from sustainable and organic farming and diligent water/energy conservation to extensive recycling operations (nearly 90% of winery-generated waste). We are proud to have been an early industry leader in these efforts. In fact, Cakebread Cellars was only the second California winery to achieve Napa Green certification; we're also certified as Fish Friendly and participate in the Certified California Sustainable Winegrowing program. Sustainable vineyard practices include: monitoring for soil moisture and vine stress to determine irrigation needs; automatic irrigation and mulching to reduce evaporation during irrigation; soil and nutrient management to maintain vineyard health, including composting, reducing herbicide use, avoiding synthetic fertilizers, properly managing pH, and applying microbes to improve vine balance*

**Domaine de Triennes St Auguste** A blend of the best cuvées of Syrah, Cabernet-Sauvignon and Merlot. A rich dark purple with bright ruby highlights, offering alluring aromas of ripe black cherries, nutmeg and clove. It is full and concentrated.

*The aim at Triennes was to re-create a healthy vineyard, with vines and rootstocks adapted to the local growing conditions. The vines are managed as naturally as possible and in harmony with the environment. For instance, a cover crop is grown in every second row to help control vigor, limit erosion and help to assimilate organic material. In 2008 Triennes began its organic conversion with Ecocert which led to its certification.*

**Gamay Noir Henry Fessy 2019** a brilliant ruby color with a fruity and intense nose: the aromas of jammy black fruits and Mirabelle plum perfectly combine with the subtle notes of black pepper and undergrowth. The palate is also fruity, with a nice freshness and a melted but present structure. Perfect with red meat dishes such as fondue Bourguignonne or beef tartare, or with a platter of cheese/charcuterie..

*The estate of Maison Henry Fessy consists of over 70 of exceptional vineyards in the heart of the region's celebrated Crus and is all farmed sustainably. This philosophy, coupled with yields limited to 40 hectolitres per hectare, enables the production of elegant and generous wines that are true to their origin. The reintroduction of the owl to the vineyards was carried out in order to sustainably combat and eliminate rodents and other animals that attack the vine. Henry Fessy has remained faithful to the traditional method (no carbonic maceration) which favours the balance between the seductive fruit-forwardness and the supple tannins which guarantee good ageing capability.*

**Famille Perrin 'Nature', Organic Côtes-du-Rhône Rouge 2018** The Côtes-du-Rhône Rouge Nature is a blend of Grenache and Syrah sourced from organically certified vineyards which are located north of Orange, where the chalk and clay soil lends depth and purity of fruit to the wine. The nose has lovely notes of red and black fruits coupled with spicy, peppery notes. The tannins are ripe and plush, giving the wine excellent structure. Notes of blackcurrant and white pepper linger on the finish.

*Famille Perrin is one of the most recognisable names in the Southern Rhône. The fifth and sixth generations of the family now manage the extensive vineyard holdings and grower partnerships which stretch across the region, from Vinsobres to the Ventoux. The family have long been pioneers in the Southern Rhône Valley for their approach to organic farming, which they first adopted back in 1950 and for their unwavering commitment to creating wines that express the essence of their origin at each quality level. Their intimate knowledge of the complexities of the region's climates and soils has led to their belief that the wines are greater when made with a blend of Southern Rhône grape varieties rather than a single variety. This philosophy is put into practice at every level, from Famille Perrin Luberon Rosé to Château de Beaucastel, where all 13 permitted varieties are grown.*

**Château de Montdomaine 'Le Breton' Cabernet Franc** lighter than Cabernet Sauvignon, making a bright pale red wine that contributes finesse and lends a peppery perfume to blends with more robust grapes. Vibrant cherry in colour, this Cabernet Franc has attractive aromas of crushed berry fruits with a touch of plum. Warming and rich on the palate it has ripe tannins and a lovely concentration typical of the successful 2018 vintage. The finish is delightful with a refreshing menthol note and beautifully balanced acidity.

The winemaking know-how of Montdomaine is rooted in an ancestral tradition: Frédéric Plou cultivates the vine in a traditional way, respecting natural cycles and the earth, a prerequisite for a grape and a quality wine. Soil cultivation, pruning, leaf stripping and vine-sucking are some of the practices that ensure maximum quality for the grapes while adapting to the specifics of the vintage. Once the harvest is back, the wines are aged in tuffeau cellars; Then begins the delicate work of wine transformation, followed daily by Frédéric who tastes, listens, and analyzes so that the wine reveals all its qualities.

Romain Dol farms 30 hectares in the Luberon hills some 20 miles north of Aix-en-Provence. Le Novi was a new beginning in an ancient place. The estate lies near the Etang de la Bonde, a beautiful lake set in the middle of the high garrigue. Romain makes red, white and rose in a winning, fresh style. He says it's the incredible diversity of the soils that make his wines unique: marls, limestone and sandy clays (safres). Of course the Alps aren't far away and their influence means 15-20 days of frost, as opposed to virtually none in Avignon. Cold winters and warm summers make for a long growing season, and the elevation gives cooler nights to contrast with the blazing summer days. The harvest is sometimes 20 days later than the surrounding areas, lending more freshness and complexity to the final wine.

All the classic work is done manually and no chemical treatment (weed killer, pesticide) has ever been used at Coutet. At Coutet, nature has been particularly preserved: no weed killer or pesticide has ever been used. It is one of the rare places of the Saint-Émilion region where some spinneys of pedunculate oaks, holm oaks and sessile oaks subsist. Fig trees are also well represented and some small, dry meadows are home to several orchid varieties. Springtime is announced by the blooming of beautiful tulips and narcissus that light up the rows of vines still bare, whereas autumn gives walkers the opportunity to savour some figs, walnuts, apples, peaches, and pears along the paths. Both the varied flora and the diversified fauna enable the vines to thrive without any synthetic additive. Few estates offer discoveries of this kind.

Manual harvests, rigorous selection and ageing for 12 to 15 months produces wines with superb concentration, rich tannins and notes of spices and menthol. Lynch Bages's vineyards are superbly sited on a plateau west of Pauillac town, in the small village of Bages. The 90 hectares of vineyards (Red: Cabernet Sauvignon 75%, Merlot 15%, Cabernet Franc 10%) lie on deep gravel beds over limestone. For the reds, fermentation is temperature-controlled with extensive 'remontage' to ensure concentration and depth of colour. A special system of pipes transfers the wine from the cuves to the oak barriques (60% new) where it matures for 15 months.

**Château Palmer Margaux 1999** The 99 is the greatest Palmer made since 1961. It is one of the superstars of the vintage. The wine is a blend of 48% Cabernet Sauvignon, 46% Merlot, and 6% Petit Verdot. It boasts a staggering bouquet of violets and other spring flowers intermixed with licorice, black currants, and subtle wood. Only 50% of the production made it into the grand vin. This is a multidimensional, compelling effort with both power and elegance, it offers sweet tannin along with flavors that caress the palate, and a 45-second finish.

*Château Palmer is living history. It inspires respect, for its soils and its vineyards, but also for its wines. The result of centuries of viticulture and vinifications, honed by the pursuit of a singular vision. A style unto itself. A benchmark for all future endeavours. For at Château Palmer, change is never an end in itself, but a means to serve both today's and yesterday's wines. It's the fruit of a precious freedom. The freedom to constantly reassess, to question, to never be afraid of taking carefully calibrated risks. With at heart, an unchanging ideal – to ever improve, not just for the wines, but also for their artisans and the environment all around them.*

**Château Brane Cantenac 1999** Chateau Brane Cantenac is an elegantly, styled Margaux, that is on the lighter, fresher, cleaner, brighter, and perhaps, slightly stern, or classic side of the style range. Especially in its youth. The wine is produced in a traditional style and shows a little more in the aromatics than the body.

*Fourth generation owner Henri Lurton has continued the journey that his father and ancestors began. Although a proponent of innovation and new technology, Henri is careful never to lose sight of the traditional values that remain an inherent part of Brane's identity. Above all, he is proud of the unique terroir, and recognises the need to treat the soil, vines and grapes with immense respect as he carefully steers Brane's future course. The vineyards are continuously micro-managed with a single goal in mind: producing the highest quality grapes and maintaining low yields. Replanting efforts in recent years, and a movement towards organic growing, demonstrate our strong commitment to sustainable viticulture.*

*Allegrini today is one of the most dynamic and well-known wine producers in Italy. Its roots lie in Fumane di Valpolicella where, in 1854, the Azienda Agricola was founded and headed, over subsequent decades, by consecutive generations of the Allegrini Family. In the Valpolicella Classico area, the Allegrini Estate extends for some 100 hectares (247 acres); these parcels are the cradle of highly prestigious cru wines such as La Grola, Palazzo della Torre and La Poja and the birthplace of Amarone, a star in the constellation of great Italian red wines.*

---

**Colutta Schioppettino Friuli Grave DOC** Intense ruby red with purple highlights and a fresh aroma, reminiscent of blackberries, raspberries and blackcurrants. The taste offers a slight hint of oak, autumn leaves, moss and fruit.

*The area of Coli Orientali del Friuli has a particular climate shaped by the geography of the region - the Adriatic sea on one side, the Alps on the other. The mountains protect it from the cold winds from the north, and its proximity to the sea tempers the summer heat. We put the utmost care to get a quality grape with sustainable agriculture that respects the environment. The harvest is a particular time of extreme importance and joy: the labours of a year's work in the country must find the ultimate expression in this delicate phase, carried out exclusively by hand, in which our "harvesters", who will select the best grapes in the cellar.*

**Dreissigacker `Wunderwerk` Rheinhessen Spätburgunder** Ruby garnet in colour. Bright and attractive on the nose, this Pinot Noir has abundant raspberry, strawberry and spice aromas on the nose. The palate is racy with velvety tannins and a long finish Organic, Vegan

*As expected of an organic estate, his approach in the cellar is as natural as possible, using only wild yeasts to ferment the must and harvesting only fully ripe grapes. His wines - with the exception of the Auslese, of course - are fermented to full dryness. The felicitous position of his vineyards, the low yields and Jochen's determination to pick when the grapes are ripe ensures full flavour and obviates the need to leave residual sugar in the wine to balance unripe flavours.*

**LAN Xtrème Organic** Deep, very intense garnet red in colour. The bouquet shows intense aromas of cranberries, very ripe red fruit, prunes and dried apricots. Liqueur-like notes, along with vanilla, cinnamon and resin. It is expressed through sensations of ripe fruit, full of power and character; Broad and elegant on the finish.

*Due to the location of the vineyards, which are in the shadows of the Cantabria Mountains, the vines are protected from frost and extreme summer heat. The soil, climate and location creates a very special microclimate, producing balanced and perfectly ripened grapes. Their vines are of up to 60 years old and are comprised of Tempranillo, Mazuelo, Graciano and Garnacha. They age the wines separately, according to their origin, and continuously test out different types of oak: French, American, hybrid barrels - which we pioneered the use of - and the recently introduced Pyrenean oak. Some of LAN's most special and unique wines have been born under Maria's guidance, such as D-12, the selection of tank number 12, or more recently, LAN Xtrème Organic, the embodiment of the philosophy of both the winery and María in being deeply committed to the land and a more sustainable future.*

**Barao de Vilar Reserva Tinto Douro** - Dry and concentrated and rich with black fruits. The power and density of this muscular Douro wine is balanced by the fruit and fresh acidity. Dry, dusty tannins make this an excellent pairing for red meat dishes

*In 2007, Barão de Vilar - Vinhos, SA decided to expand its range of products to the production of Douro wines. The demarcated region of the Douro is the oldest wine region in the world for wine production and it is internationally renowned for its top of the line wines with an unique character. In 2001, the Douro winemaking region was awarded the ultimate recognition by UNESCO, being declared as World Heritage Site. Nowadays, the Barão de Vilar Vinhos, SA, built upon the experience and knowledge acquired over 14 generations of wine producers, offers a fabulous range of Douro and port wines.*

**Meerlust Rubicon** An iconic Cape wine. Classic Rubicon nose of violets, ripe plum, cedar wood and spiciness and starting to develop typical liquorice notes from bottle development. The palate is full bodied, structured by beautifully sleek, ripe tannins which restrain the vibrant dark fruit typical of this vintage, giving the wine an opulent texture which is kept focused by the delightful acidity. The wine lingers on the palate with creamy fruit mouth-filling tannins.

*Long recognized for producing world-class wines, Meerlust Estate has been the pride of the Myburgh family since 1756. Today, the traditional dedication to the art of winemaking continues under the guidance of Hannes Myburgh, eighth generation custodian of this seventeenth-century national monument. Meerlust, with its historic manor house, classic wine cellar, family cemetery, dovecote and bird sanctuary is situated fifteen kilometers south of Stellenbosch, with the blue crescent of False Bay a mere five kilometers away. Wines are only made from grapes grown on the Estate which is uniquely positioned for the production of wines with exceptional complexity and character.*

**Coriole Molly's Garden Shiraz Sangiovese** In this blend the two varieties come together showing lifted red fruits and sweet spice with a medium bodied palate full of forest fruits and rich texture. The heart of the Coriole Estate is the cottage garden planed 50 years by Molly Lloyd, the painting on the front label was also painted by Molly showing the autumn colours at Coriole.

*The Coriole estate garden was initially planted by Molly Lloyd in the 1970s. Over the years the garden has grown and evolved from an unlandscaped patch of red-brown dirt to a unique, multi-level Australian cottage garden. The garden has been meticulously cared for since its inception and is now maintained by Molly's daughter, Ann Lloyd Wilson*

**1/2 La Giustiniana Gavi di Gavi 'Lugarara' 100% Cortese** Straw-yellow with a greenish hue, the wine's aromas of white fruit, stone fruit and lime zest are immediately beguiling and followed by a subtle yet persistent bouquet of green apples. The palate is well balanced with a fresh acidity and good structure, and almond notes on the finish.

*Donato Lanati, one of Italy's best consultants, began working with La Giustiniana at the beginning of 1998. His indelible stamp of quality is evident in all this estate's wines. The changes wrought in the winery by Lanati are now being matched with the improvements being made in the vineyard, where better grapes are giving purer, richer and better balanced wines. The entire estate covers 110 hectares in the heart of the commune of Rovereto in Gavi, of which 40 are under vine. Two single vineyard wines are produced, both of which are unoaked so the character of each vineyard shines through in the glass.*

**1/2 Villa Bucci, Verdicchio Classico Superiore 1/2 bottle** - Golden in colour, this wine has a layered bouquet with notes of vanilla, butterscotch and almonds. Aromas of mimosa and ripe Golden Delicious apples carry through onto the complex palate, which has a fresh finish. A refreshing mineral edge contrasts ripe, round flavours of wildflower honey.

*Made from grapes sourced from low yielding, organic vines covering a range of exposures and elevations which produce a complex wine with great depth. A refreshing mineral edge contrasts nicely with notes of almonds, vanilla and wildflower honey. The Bucci family has been growing grapes in the Marche since the 1700s. Current custodian, Ampelio Bucci has 26 hectares of vineyard on this 400 hectare estate, which is cultivated organically. Of these, 21 hectares are Verdicchio, spread over six separate vineyards. The old vines and low yields give wines of great intensity. Consultant winemaker at Villa Bucci is the legendary enologist Giorgio Grai, who has been there for nearly 30 years. He makes wines for ageing and complexity rather than freshness and simplicity.*
